1 **INTRODUCTION**

◆ Cost	<i>1</i>
◆ Costing	<i>2</i>
◆ Cost accounting	<i>2</i>
◆ Cost accountancy	<i>2</i>
◆ Classification of costs	<i>3</i>
◆ Distinction between financial accounting and cost accounting	<i>6</i>
◆ Major limitations of financial accounting and how these are overcome by cost accounting	<i>6</i>
◆ Objectives of cost accounting	<i>7</i>
◆ Essentials of a good costing system	<i>7</i>
◆ Importance/advantages of cost accounting	<i>8</i>
◆ Limitations or objections to cost accounting	<i>9</i>
◆ Certain important terms	<i>10</i>
◆ Cost unit	<i>10</i>
◆ Cost object	<i>10</i>
◆ Responsibility centre	<i>11</i>

	PAGE
◆ Cost centre	12
◆ Profit centre	12
◆ Costing systems	13
◆ Costing methods and techniques	13
◆ Techniques of costing	14
◆ Past Examination Questions	16

2

COMPONENTS OF TOTAL COST & COST SHEET

◆ Prime cost	23
◆ Factory cost	23
◆ Office cost	23
◆ Total cost	23
◆ Adjustments for inventories	24
◆ Cost sheet	24
◆ Meaning of cost sheet	24
◆ Items excluded from cost accounts	25
◆ Practice of important concept	26
◆ Past Examination Questions	48

3

MATERIAL

◆ Introduction	53
◆ Direct materials	53
◆ Indirect materials	54
◆ Concept and objectives of materials/inventory control	54
◆ Steps in material control	56
◆ Purchase procedure	56
◆ Certain important terms	57
◆ Material issue procedure	64
◆ Inventory systems	65
◆ Bin card or stock card	66
◆ Stores ledger	67
◆ Problems and solutions - Materials control	71
◆ Questions for your practice	104
◆ Past examination questions	108

4

LABOUR

◆ Meaning of labour	111
◆ Direct labour	111
◆ Indirect labour	112

	PAGE
◆ Labour turnover	113
◆ Incentive schemes	116
◆ Types of incentives systems	117
◆ Meaning of certain important terms	123
◆ Group bonus system	135
◆ Incentive system for indirect workers	135
◆ Profit sharing schemes	136
◆ Co-partnership	137
◆ Elements of wages	137
◆ Important formulae	138
◆ Premium bonus plan	138
◆ Differential piece rate system	138
◆ Combination of time and piece rate	138
◆ Practical problems	139
◆ Problem based on incentive bonus	145
◆ Question for your practice	170
◆ True/false questions	172
◆ Past examination questions	174

5

CALCULATION OF MACHINE HOUR RATE

◆ Question for your practise	188
------------------------------	-----

6

ACCOUNTING FOR OVERHEADS

◆ Meaning of overhead	189
-----------------------	-----

DIVISION I : CLASSIFICATION OF OVERHEADS

◆ Meaning of classification of overheads	189
◆ Bases of classification of overheads	189
◆ Classification overheads by function	190
◆ Classification of overheads by behaviour/variability	192
◆ Classification of overheads by element	193
◆ Methods of segregating semi-variable overheads into fixed and variable overheads	194

DIVISION II : COLLECTION OF OVERHEADS

◆ Meaning of collection of overheads	194
◆ Standing order system	194

DIVISION III : ALLOCATION OF OVERHEADS

◆ Meaning	195
-----------	-----

	PAGE
◆ Examples of allocation of overheads	195
◆ Format of statement showing the allocation of overheads	196

DIVISION IV : APPORTIONMENT OF OVERHEADS

◆ Meaning	196
◆ Examples of apportionment of overheads	197
◆ Basis of apportionment of overheads	197
◆ Secondary distribution of overheads	200

DIVISION V : ABSORPTION OF PRODUCTION OVERHEADS

◆ Meaning of absorption of overheads	213
◆ Methods of absorption of production overheads	213
◆ Percentage of direct material cost method	213
◆ Percentage of direct labour cost method	214
◆ Percentage of prime cost method	214
◆ Direct labour hour rate	215
◆ Machine hour rate	215
◆ Rate per unit of production	216
◆ Requisites of a good method of absorption of production overheads	216
◆ Under and over absorption of overheads	223
◆ When may the situation of under/over-absorption of overheads arise?	223
◆ Meaning of under-absorption of overheads	223
◆ Meaning of over-absorption of overheads	224
◆ Causes of under/over absorption of overheads	224
◆ Treatment/disposal of under/over absorbed overheads	224
◆ Actual overhead rates vs. pre-determined overhead rates	227
◆ Actual overhead rate	227
◆ Pre-determined overhead rate	228
◆ Distinction between actual and pre-determined overhead rate	228
◆ Blanket overhead rate vs. departmental overheads rates	229
◆ Blanket overhead rate	229
◆ Departmental overheads rate	229
◆ Distinction between blanket overhead rate and departmental overhead rates	230
◆ True/false questions	231
◆ Past examination questions	233

7

MARGINAL COSTING

◆ Features	238
◆ Advantages of marginal costing	238

	PAGE
◆ Limitations of marginal costing	239
◆ Marginal costing and absorption costing	240
◆ Certain important terms used under marginal costing	242
◆ Miscellaneous issues	259
◆ Problem based on key factor	259
◆ Make or buy decisions	265
◆ Miscellaneous questions	273
◆ Problems for your practice	276
◆ Theoretical problem	277

8

BUDGETARY CONTROL

◆ Meaning of budget	282
◆ Meaning of forecast	282
◆ Difference between a forecast and a budget	283
◆ Elements of budget	283
◆ Budgeting	283
◆ Objectives of budgeting	284
◆ Meaning of budgetary control	284
◆ Advantages of budgetary control	284
◆ Limitations to budgetary control	285
◆ Essentials of an effective budgetary control system	286
◆ Steps in budgetary control	287
◆ Certain important budgets	290
◆ Programme budget	292
◆ Activity-based budgeting	292
◆ Zero base budgeting	293
◆ Practical questions	296
◆ Control ratios	320
◆ Past examination questions from ICSI	324

9

CONTRACT COSTING

◆ Meaning of contract costing	328
◆ Distinction between job costing and contract costing	329
◆ Procedure for contract costing	329
◆ Work certified	330
◆ Retention money	331
◆ Cash received	331
◆ Work uncertified	332

	PAGE
◆ Notional profit	332
◆ How to account for profit on incomplete contracts?	333
◆ Cost plus contract	334
◆ Escalation clause and de-escalation clause	335
◆ Practical problems	335
◆ Past examination questions	351

10

JOB & BATCH COSTING

◆ Definition of job costing	354
◆ Features of job costing	354
◆ Objectives of job costing	355
◆ Pre-requisites for job costing	355
◆ Advantage of job costing	355
◆ Limitations of job costing	356
◆ Batch costing	356
◆ Features of batch costing	356
◆ Economic batch quantity	357
◆ Theoretical problems	358
◆ Practical problems	358

11

OPERATING COSTING

◆ Meaning of operating costing	372
◆ Internal and external services	372
◆ Broad areas of operating costing	372
◆ Characteristics of operating costing	373
◆ Cost unit	373
◆ Importance/benefits of operating costing	373
◆ Transport costing	374
◆ Cost classification in transport costing	374
◆ Normal and abnormal losses	374
◆ Absolute and commercial ton-kms.	375
◆ Practical problems	375

12

RECONCILIATION

◆ Need for reconciliation	401
◆ Theoretical problems	404
◆ Practical problems	404

13**PROCESS COSTING**

◆ Meaning of certain important terms	433
◆ Difference between job costing and process costing	435
◆ Practical problems	436

14**JOINT PRODUCTS AND BY PRODUCTS**

◆ Meaning of certain important terms	477
◆ Treatment of by-product cost in costing accounting	478
◆ Methods of apportionment of joint costs	479
◆ Practical problems	480

15**STANDARD COSTING**

◆ Direct material variances	517
◆ Direct labour variances	520
◆ Overheads variances	523
◆ Variable overheads variances	523
◆ Fixed overheads variances	524
◆ Sales variances	527
◆ Sales margin/profit variances	528
◆ Practical questions	530

16**COST - BOOK KEEPING**

◆ Meaning of cost book-keeping	575
◆ Non-integrated accounting	575
◆ Integral accounting	578
◆ Theoretical questions	581
◆ Practical problems	582

17**ACTIVITY-BASED COSTING**

◆ Introduction	600
◆ Meaning of Activity Based Costing (ABC)	600
◆ Basics of A B C	601
◆ Distinction between traditional absorption costing and activity based costing	601

	PAGE
◆ Objectives of activity based costing	602
◆ Terminology of activity based costing	602
◆ Stages in developing activity based costing system	603
◆ Different types of activities	603
◆ Importance of Activity Based Costing (ABC)	604
◆ Uses of activity based costing	605
◆ Limitations of activity based costing	605
◆ Review	606
◆ Review questions	606
◆ Practical problems	606

18

COST ACCOUNTING RECORDS AND COST AUDIT

◆ Cost audit	611
◆ Provisions of Companies Act, 1956 pertaining to cost accounting records	611
◆ Provisions of Companies Act, 1956 pertaining to cost audit	612
◆ Purpose of cost audit	613
◆ Scope of cost audit	614
◆ Advantages of cost audit	615
◆ Appointment of cost auditor	615
◆ Rights and responsibilities of cost auditor	616
◆ Cost audit techniques	617
◆ Cost audit programme	618
◆ Cost audit report	619

19

RATIO ANALYSIS

◆ Ratio and accounting ratio	620
◆ Meaning of ratio analysis	620
◆ Inter-firm comparison	621
◆ Time series analysis	621
◆ Benchmarks	621
◆ Advantages of ratio analysis	622
◆ Importance of ratio analysis to various parties interested in financial statements	622
◆ Limitations of ratio analysis	623
◆ Classification of ratios	625
◆ Liquidity ratios	625
◆ Solvency ratios	629
◆ Activity ratios	633

◆ Profitability ratios in relation to sales	640
◆ Expenses ratios	642
◆ Profitability ratios in relation to investment	643
◆ Practical problems	647

20

CASH FLOW STATEMENT (AS-3 REVISED)

◆ Meaning of cash flow statement	675
◆ What is meant by term "cash flows"?	675
◆ When does the flow of cash arise?	675
◆ For what period should the cash flow statement prepared?	676
◆ Objectives of cash flow statement	676
◆ Uses of cash flow statement	676
◆ Limitations of cash flow statement	677
◆ Classification of activities	678
◆ Operating activities	681
◆ How to compute cash from operating activities	682
◆ Calculation of cash flow from operating activities from income statement and additional information by indirect method	686
◆ Calculation of cash flow from operating activities from balance sheets only	688
◆ Investing activities	691
◆ Financing activities	693
◆ Analysis of the changes in non-current items	696
◆ Treatment of changes in intangible non-current assets (<i>e.g.</i> goodwill, patent, trademarks, copyrights)	696
◆ Treatment of changes in tangible non-depreciable non-current assets (<i>e.g.</i> investments, land)	697
◆ Treatment of changes in tangible depreciation non-current assets (<i>e.g.</i> plant & machinery, furniture & fixture)	697
◆ Treatment of proposed dividend	705
◆ Treatment of interim dividend	706
◆ Treatment of provision for tax	707
◆ How to prepare a cash flow statement	709
◆ Practical questions	712

21

FUND FLOW STATEMENT

◆ Meaning of fund	738
◆ Meaning of flow of funds	739
◆ Steps for preparation of fund flow statement	740
◆ Difference between cash flow and fund flow	752
